Atlassian products

PLAN, TRACK, & SUPPORT

JIRA Software

Plan, track, and release world-class software with the #1 software development tool used by agile teams.

JIRA Service Desk

Give your customers an easy way to ask for help and your agents a fast way to resolve incidents.

JIRA Core

Manage any business project including marketing campaigns, HR onboarding, approvals and legal document reviews.

Atlassian products

COLLABORATE & CHAT

X Confluence

Spend less time hunting things down and more time getting things done. Organize your work, create documents, and discuss everything in one place.

HipChat

Share ideas and files with HipChat, a free private chat service for your company and team. Stay connected with group chat rooms, video chats, and more.

CODE, BUILD, & SHIP

Bitbucket

Collaborate on code with inline comments and pull requests. Manage and share your Git repositories to build and ship software, as a team.

Bamboo

Continuous integration, deployment, and release management.
